

Aligning Curriculum, Instruction and Assessment for Students with Significant Cognitive Delays

New Online

Training

Opportunity

*Offering 6 hours
of CEU Credit!*

It is the mission of the Low Incidence Statewide Network to provide current best practices for the low incidence population in order to emphasize equal access, self-determination and high expectations by integrating the teaching of academic and functional skills.

This online module was developed by the Low Incidence Statewide Network to provide guidance to teachers working with students with significant cognitive delays. The training will focus on how to bring all the pieces together so that instruction is aligned to the TEKS, assessment and the IEP, in order to prepare students for STAAR ALT and life! Participants will also receive access to resources such as the critical classroom components checklist, a best practice rubric for self-evaluation and the new monthly instructional guide that will support teachers throughout the year.

REGISTER IN 4 EASY STEPS!

1. Visit <https://ci.esc13.net/login.html>
2. Log into the E-campus system. If you do not have an account already set-up, please do so.
3. Once logged in with your account information, enter the Workshop ID.—SP1428721
4. Click the Register button.
5. If you have any questions, contact ltomko@esc3.net
