ADDENDUM TO PROPOSAL #2425-1

Pursuant to Section 5 of the General Terms and Conditions of Proposal #2425-1, the following Addendum is added to provide additional information upon request from a proposer. This information is provided to all perspective proposers in accordance with Section 5.2 of the General Terms and Conditions and is to be incorporated into all proposals as required under Section 3.2 of the General Terms and Conditions. The Notice, General Terms and Conditions, and Specifications remain as originally submitted.

Addendum #1

1. Can you offer some clarification with the sites listed?

There are the following discrepancies between RFP pg. 15 and the list of new sites in the Excel document:

- Parkview Mullin ISD is not on this RFP pricing page but is on the Excel spreadsheet and on RFP pg. 23.
- South Plains Academy is on the RFP pricing sheet but is not on Excel or RFP pg. 23.
- Springlake-Earth ISD is on the RFP pricing sheet but is not on Excel or RFP pg. 23.

Are we offering service to some, to none, or to all the sites listed?

We would like to offer services to all of the sites listed. These are all potential future member sites, but we would like to know what the cost of bringing them on as a member.

2. Do you want to see high speed - high capacity - internet connections at the hub site to handle future growth?

No, this is for WAN connectivity only for the purposes of this RFP.

3. Do you want to see internet options - both dedicated and broadband at the spoke sites/remote sites?

No, this is for WAN connectivity only for the purposes of this RFP.

4. Are you looking for a true point to point (A and Z) dedicated connection for each remote site back to the main site, or are you open to a more dynamic solution with dynamic bandwidth allocation that would provide similar performance metrics?

In Option 1 we are specifically looking for point to point connections between districts and ESC 17. However, we are open to vendor recommended solutions, please see Option 2.
