NEXT-LEVEL TEST AUTHORING

Coming September 2018

**BUILDING A VALID ASSESSMENT IS COMPLEX,
BUT YOUR SOFTWARE SHOULDN'T BE**

Eduphoria is streamlining the test creation process and removing the *difficulty*, so you can focus on the *complexity* for a valid, higher quality assessment.

Check out the Latest Strive Goal Enhancements

Joel @ Eduphoria takes us through the latest updates to Strive Goals and features.

Still Seeing Last Year's Goal in Strive?

Teachers, if you are still seeing last year's goal in Strive, you may need to either mark it complete or copy it to a new goal for the current year.

Goal Icon Indicators

Next to each goal is an icon colored to match the status of the goal.

A grey icon means the goal is in **edit mode** and has not been submitted for approval.

A gold icon means the goal has been **submitted** and is waiting for appraiser approval.

A blue icon means the goal has been **approved** and is on target for future completion.

A green icon means the goal has been **completed**.

A black icon means the goal has been **archived**.

Student Growth Goals in Strive

Student Growth Goals allow teachers to create and track performance goals, tag learning standards, and upload evidence to help measure student success. Similar to the Professional Goals, this new feature includes Learning Standards for any district that has standards loaded in Forethought to be tied to these goals.

MORE INFORMATION

Eduphoria and Region 17ESC have teamed up to offer a **complimentary** Eduphoria Conference! This conference is designed to empower educators with best practices when utilizing Eduphoria Products. With the theme of *Begin with the End in Mind*, each session was crafted to encourage us to rethink the way we approach Professional Growth, Assessment Design, Data Analysis and more!

Sessions are lead by Eduphoria Trainers, ESC Representatives, and Local District Eduphoria Gurus.
